LeetCode: https://leetcode.com/u/abhijeetyadav_37

Professional Summary

Information Technology student with strong interest in Java, Data Structures & Algorithms, Linux, backend development, React, Spring Boot, and modern software engineering. Passionate about learning system internals, writing clean code, and building practical software projects.

Education

Diploma – Completed in 2023 B.Tech (Information Technology) – Lateral Entry, admitted in 2025, RTMNU

Technical Skills

Java, JavaScript, HTML5, CSS3, React, Spring Boot, Tailwind CSS, Git, GitHub, Linux, SQL, Data Structures & Algorithms.

Strengths

Quick learner, analytical problem solver, continuous learner, team player, strong interest in software engineering and open-source technologies.

Projects

Currently building personal and academic projects. This section can be updated as projects are completed.

Achievements

Actively solving coding problems on LeetCode and continuously improving problem-solving skills.
